Dr. J. Adams Puffer of Boston, who has appeared on the platform in Maryville several times, gave his lecture "Boys' Leadership" this morning. The lecture was listened to with attention and was well received.

Dr. Pearce was for seven years an instructor in the public schools of Missouri, and that, together with his wide experience in his present profession, stood him well in hand to give some excellent advice to the teachers along the line of school hygiene.

The speaker made a strong plea to the teachers of the public schools to observe those simple, yet most important rules governing the daily life of the students which has so much to do with the preservation of their health. The doctor says:

Keep the school house free from dust.

Induce the students to have individual

Mr. Fred Smith, formerly solicitor for the Nodaway Democrat and Maryville Republican, has been with the Des Moines State Capital for the past two years as solicitor. The Capital has a daily circulation of 45,000.

Good Roads Near the Junction.

O. F. Wilson, Alfred Shackelford and William Fox have been doing some good work on their roads the past month and they now have one of the best highways in the country. There is a spirit of friendly rivalry between the farmers on the south road and those on the north road to Maryville as to who can get their highway in the best condition, and the result is that that part of the country has just about the best roads in Northwest Missouri. Mr. Wilson is the pioneer good road builder in this locality and has kept his road in good condition for over seven years.—Burlington Junction Post.

Mr. and Mrs. L. Pennington of 511 South Mulberry street entertained Mr. and Mrs. Protzban at a 5 o'clock dinner Wednesday evening.

WORK IS PROGRESSING NICELY.

Roof Being Put On New Postoffice Building and Windows Will Be Put In Soon.

The work on the new postoffice building is progressing nicely, and by the time winter sets in the roof will be on and the windows will be placed. The roof is being put on now, and it will take about two weeks to finish this work. It is to be a tin roof. The windows will probably be put in their places in the next week or so.

J. R. Edwards, superintendent, is trying to get the building enclosed so the winter will not interfere with the work on the interior of the building. As soon as the exterior work on the building is finished, Mr. Edwards intends to clean up the grounds.

HIGH SCHOOL TEAMS

FROM HOPKINS AND PICKERING PLAY BASKET BALL HERE.

CLOSE GAME AT NORMAL

The Visiting Boys Showed a Plentiful Supply of Ginger, But Disputed No Decisions.

Even if the class of basket ball put up by the Hopkins and Pickering high school teams at the Normal gymnasium Thursday afternoon wasn't quite as good as the students of the Normal are accustomed to witness, the faithful followers of the aforesaid school certainly gave the supporters of the green and white warriors a few pointers in rooting. Why, those Pickering and Hopkins high school students who accompanied their teams to Maryville for the game had more pepper during Thursday's contest than the entire Normal student body had all last season.

Of course, somebody just had to lose, and that lot fell to Hopkins, but the score was mighty close, 26 to 25. The Pickering boys started out with a world of vim, and at the close of the initial period were leading by a count of 16 to 10. But in the second half Hopkins came back strong and the result was in doubt until the very last second of play.

For the winners, Birch at forward, scored the most points. That chap shot seven field goals for a total of fourteen points. His teammate, Carmichael, also put up a good article of ball, scoring four goals from the field and two free throws.

Clutter at center played a strong game for Hopkins. He garnered four field goals and was always in the game. Miller, the Hopkins forward, counted 10 points for his team.

An excellent feature of both teams noted by the writer was the fact that not once during the contest did the men of either team question a decision of the officers, Professor Eek and Professor Moore. And that's saying something, too, considering the keen rivalry that exists between the two schools. Below is the line-up:

Hopkins—Miller, right forward; Rickard, left forward; Clutter, center; Wells, right guard; Grotz, left guard. Pickering—Birch, right forward; Carmichael, left forward; Hackett, center; Lee, right guard; Hinton, left guard.

Summary—Goals from field, Birch 7, Carmichael 3, Miller 4, Rickard 2, Clutter 4, Wells, Hackett, Hinton. Free throws, Carmichael 3, Miller 2. One point was awarded each team.

Frank Porter and children of near Orsburg were shopping in the city Thursday.

SOCIALIST, PROHIBITION AND SOCIALIST-LABOR PARTIES

IN NODAWAY COUNTY VOTE

Socialists Seem to Have Gained a Few Votes and Chaffin, Prohibitionist Got One More.

The Socialist, Prohibition and Socialist-Labor parties did not make any big gains in Nodaway county at the election Tuesday over the election two years ago. A Nodaway county man, Edward Wilcox of Burlington Junction, was the Socialist candidate for congress from this district, and he ran ahead of his ticket.

The vote cast for president in this county on these three tickets follows: The Socialist candidate, Debs, received 49 votes. Their candidate for governor, W. A. Ward, also received 49 votes. Mr. Wilcox received 55 votes, 17 in Nodaway township, 10 in Maryville and Polk, 6 being in the Fourth ward, or Polk A.

The Prohibition party candidate for president, Chaffin, received 59 votes in this county. The party candidate for governor, Charles E. Stokes, received 59 votes. Ten votes each were cast in Union and Atchison townships, 7 in Polk and Maryville, 7 in Nodaway and 6 each in Jackson and Hopkins.

The Socialist-Labor candidate for president received 7 votes, and their candidate for governor, Charles Rogers, received 8 votes. Three votes for this party were cast in Lincoln, north precinct.

The vote in 1910 on the state ticket of these parties follows: Socialist, 39 votes; Prohibition, 53 votes; Socialist-Labor, 8 votes.

Typewriting Demonstration Was Good.

The demonstration given at the Business college Wednesday by Miss Owen of Kansas City was exceptionally good, as was the work by Miss O'Brien and Miss McCoppin. Miss Owen is a world's champion typist and wrote on the Smith-Premier machine at a rate of 127 words per minute. This record was made without error of any kind, and was from printed copy which Miss Owen had not seen before. Miss O'Brien wrote blindfolded from dictation on new matter at a rate of from 60 to 90 words per minute, and Miss McCoppin copied from a magazine at a rate of 73 words per minute. Miss Owen demonstrated for the Remington Typewriter company of Kansas City, and was accompanied to Maryville by Mr. F. A. Britton, the manager at Kansas City. Both Mr. Britton and Miss Owen gave interesting talks concerning the profession.

HE HAS 1,000 CATTLE ON FEED.

Russ Billy Says Weather is Ideal for Feeding.

Russ Billy of Quitman is down this week buying cattle. Mr. Billy buys all months out of the year, also feeds every month. He just keeps putting in and taking out cattle. At present he has on feed 1,000 steers that he bought on the Kansas City market. Besides this large string of cattle on feed, Mr. Billy has several hundred hogs on feed with them. It is his custom to feed corn in troughs out in the pasture, also cottonseed cake.

"This has been an ideal fall for cattle feeding," Mr. Billy said. "The weather has been just right, and my cattle and hogs have been doing well. I bought some corn, only fair in quality, for 35 cents, but the standard price will be 40 cents, and the corn is good." Kansas City Drivers Telegram.

The special music was given by the new player piano just installed there. After the address a delightful social time and luncheon was enjoyed in the church parlors, where all had opportunity to meet and talk with the young man who has distinguished himself and honored the people of his home town.

Richard Winslow Very Low.

Richard Winslow, the aged father of Fred Winslow, living a short distance west of Quitman, is lying very low at his son's home. Mr. Winslow, Sr., met with a serious accident several weeks ago while cutting wood, nearly severing the front part of one foot. He was brought to St. Francis hospital for treatment and later removed to his home. The reactionary effects of the injury brought about acute kidney trouble, from which he has suffered intensely. He lapsed into unconsciousness Thursday evening, and it is not expected that he can long survive.

A Runaway.

Sunday night Albert Collins of Arkeo attended church at Mt. Ayr. While he was listening to the sermon his horses broke loose from the hitch rack and ran south about a mile and a half, until they fell into a ditch and became so entangled that they were compelled to remain there until Will Furlong came along on the way to church and got them out and tied them to the fence. He then came to church, and after church he told the pastor who speedily made an announcement of the runaway. Mr. Collins was much surprised and was very thankful that no thing was broken to pieces.

WILSON WILL NOT DISCUSS CABINET

Annoyed by Speculation Regarding
Make-Up, Issues Statement.

PRESIDENT-ELECT WILL LISTEN

Says He Believes it a "Public Duty"
to Get Ideas of Others on Nation-
al Questions During Time
Before Inauguration.

Princeton, N. J., Nov. 8.—President-elect Woodrow Wilson has not decided upon the personnel of his future cabinet and he intends to keep his mind open on the subject for a long time before he takes office.

He was manifestly concerned about certain speculations emanating from Princeton with respect to the probable make-up of his cabinet. To put an end, if possible, to all gossip about cabinet appointments, he issued a statement in which he said:

"Such speculations are perfectly fruitless. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

"A Public Duty."
There is every reason to believe that Woodrow Wilson both as president-elect and president-elect nominee not only has not discussed the framing of a cabinet decision with anybody, but will not make any final decision until after he maps out his own course of action with regard to his administration.

From his announced intention of being "the best listener in the United States" for a few months, it is probable that until he has talked with party leaders and taken counsel with people all over the country he will not let his mind deal specifically with appointments.

The president-elect said he considered the time between his election and his inauguration a period in which he should listen very carefully to the ideas of men enlightened and informed on national questions and that it was "a public duty" for him to do so.

McCombs Statement Later.

New York, Nov. 8.—Chairman William F. McCombs of the Democratic national committee said that he was not prepared to discuss plans which he laid before President-elect Wilson, but intimated that within a few days he would make an announcement concerning the future activity of the national committee and himself.

Bryan Keeps Mum.

Lincoln, Neb., Nov. 8.—William J. Bryan refused to make any comment on the gossip from Chicago connect-

ing his name with the secretary of state portfolio.

"MAY ORGANIZE ANOTHER PARTY"

American Federation of Labor to Consider Formal Entry Into Political Field.

Rochester, N. Y., Nov. 8.—One of the questions that will be discussed in each of the five departments of the American Federation of Labor, which opened sessions here, is whether it would be advisable for workers to organize a political party that will embody their desires for legislation.

The American Federation of Labor has never taken part in a political campaign and has a rule forbidding political discussions in its meetings.

The first of the two weeks' sessions of the federation began with meetings of the metal trades and union labor departments. Each of the departmental gatherings is attended by 100 delegates and will pass upon matters to be laid before the convention when it convenes here Monday.

Taft Calls for Thanks.

Washington, Nov. 8.—President Taft issued his Thanksgiving proclamation. He departed from the usual text to write in a little paragraph that might refer to the elections, specifying how strong and steadfast the people were in the "conservation of the heritage of self-government bequeathed to us by the wisdom of our fathers," and "their firm resolve to transmit that heritage unimpaired."

Wilson Got 39 States.

New York, Nov. 8.—On the basis that late gains in Illinois have thrown that state to Wilson, and leaving only Wyoming in the doubtful column, the Democratic nominee has been elected president by 439 electoral votes, according to latest returns received. The same figures show he carried 39 states.

Party "Dead" in One State.

Ashville, N. C., Nov. 8.—Because of its failure to poll 50,000 votes in Tuesday's gubernatorial election, the Republican party in North Carolina is "officially dead," according to statements made by local lawyers. A state law bars from recognition any political party which did not poll 50,000 votes in the previous election.

Big Diamond's Quality Poor.

Johannesburg, South Africa, Nov. 8.—The great diamond, the largest in the world, which has just been discovered in the Premier mine, may not prove to be so valuable as at first thought. It is now officially stated that the diamond, which weighs 1,649 carats, is of inferior quality.

BOTH CANDIDATES CLAIMING KANSAS

Vote on Governor Still in Doubt and Each Man is Confident.

POSTAL VOTE MAY BE DECISIVE

About 3,000 Ballots, Sent by Mail Under New Law Not Yet Counted—Unofficial Figures Favor Hodges.

Topeka, Nov. 8.—Although unofficial returns from all the counties of Kansas have been received, the result of the contest between Arthur Capper, Republican, and George H. Hodges, Democrat, for governor, still is in doubt. Probably the official count will be required to decide which is elected.

J. N. Dole, Republican state chairman, said the returns gave Capper a lead of 1,000 votes, while at the Democratic headquarters Hodges was credited with a plurality of 1,500. Independent compilations place the Democratic candidate ahead by from 500 to 1,000 votes. All of these compilations are unofficial.

New Law a Factor.

The result on the state ticket problem will be determined by the mail vote, which is expected to total 3,000 votes, when the state university and the state agricultural college alone 800 of these votes were cast.

Under a law enacted by the last legislature legal voters who are unable to vote at their home precinct voting place may mail their votes. That law provides that any voter who is away from the county in which he resides, but is still in the state, upon making a satisfactory affidavit that he is a legal voter, may cast a ballot in any precinct in which he happens to be on election day. The mail votes are not counted until three days after election.

To Be Counted Tuesday.

After the official count of these votes in the various counties they will be sent to the state official, who will officially count the total vote next Tuesday.

"I have verified returns from each of the 105 counties received since 4 o'clock," said Arthur Capper. "On these figures I have a plurality of 665, and when the absent vote is counted I am confident I will have more than 1,000 plurality. Early in the afternoon I went to work and got into every single county by wire, and I got the figures from two to three sources. In every case where the figures didn't agree I took the lowest for myself and gave Hodges the highest when the county went to him."

Another Venue in Allen Trial.

Wytheville, Va., Nov. 8.—After a jury was secured in the Wythe county circuit court here for the trial of Sidna Allen, the Carroll county claimant, charged with the murder of Judge Thornton L. Massie, the defense moved that the jury be dismissed. The prosecution joined in the request and the court so ordered. Another venire of 50 men will be summoned from Grayson county for examination Monday.

Arizona to Recall Judges.

Phoenix, Ariz., Nov. 8.—The constitutional amendment providing for recall of judges has passed by a comfortable majority. The amendment is couched in exactly the same language carried in the constitution when Taft vetoed the bill admitting Arizona to statehood because the constitution contained such a provision. Incomplete returns place Wilson's plurality at 7,000.

Official Count Necessary.

St. Louis, Nov. 8.—It will take the official count to determine with any degree of certainty the Democratic majorities in Missouri. Few additional returns were received and those that came made no material difference in the proportionate standing of the counties.

CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

MORE EFFECTIVE THAN CALOMEL, CASTOR OIL OR SALTS; GENTLY CLEANS THE STOMACH, LIVER AND BOWELS WITHOUT NAUSEA OR GRIPING—CHILDREN DEARLY LOVE IT.

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

Try Different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it cannot cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt—Advertisement.

TURKISH PUBLIC OPPOSES PEACE

Principal Army Officers, too, Want to Continue Fight to a Finish.

TRYING TO BUY BATTLESHIPS

Chile Refuses Proposition to Sell Destroyers Now Being Built—Heavy Rains Making Transportation Difficult.

Constantinople, Nov. 8.—Public opinion in Constantinople is strongly opposed to the idea of seeking mediation or peace.

Nazim Pasha, the Turkish commander-in-chief, has reported to the government that the army is determined to fight until victorious or absolutely defeated. He regards the reverses sustained as unfortunate, but says the brave Ottoman army is confident of ultimate success, and that the whole corps of officers is unanimous in favor of continuing the war.

The principal officers in Constantinople have handed the grand vizir, Giamil Pasha, a signed declaration in the same spirit, and the party of Union and Progress promises to support the government in the policy of prosecuting the war with energy. These considerations are having weight with the government.

Little Change at Front. So far as can be learned here there has been very little change in the military situation in the last 24 hours. A sort of self-imposed armistice obtains on the Thracian plains. Both sides appear to require time to rest and reorganize after their recent exhaustive efforts.

Further heavy rains have transformed the plains into a morass. The roads are extremely difficult for transport and it is believed by Turkish officials that probably a week will elapse before hostilities are resumed along the Tcbataljo lines, which battle is expected to decide the campaign unless peace comes to spare the belligerents further carnage.

Refugees Arriving. The rumor that Saloniki has been occupied is not confirmed, but it is known that the town is hard pressed.

Musliman refugees continue to arrive at the outskirts of the capital from practically the whole country south of the Bulgarian advance. The scene outside the city walls, at the Adrianople gate is one of direful distress. Men, women and children, carts and cattle are huddled together. The authorities are trying to supply the immediate wants of the refugees and have decided to send them to Asia Minor.

Will Refuse Warships. Valparaiso, Chile, Nov. 8.—The Turkish government has made a proposal to Chile to purchase the battleship and torpedo boat destroyer now being built in England for this country. The Chilean government, it is reported, will decline to sell the warships.

HIGH SPEED CAUSED DISASTER

Royal George Trying to Reach Quebec Before Immigration Offices Closed, When Wrecked.

Quebec, Nov. 8.—About 400 of the passengers from the Royal George arrived here on board a tender. They were taken later to Montreal on special trains.

The North, an old ferry boat, which brought the load of passengers to this city, returned to the Royal George, but a strong wind prevented it getting near the wrecked liner. The cruiser, a big tug, also failed to reach the Royal George.

At this season the channel becomes narrower and the hydrographic maps indicate that steamers should not run more than four and one-half miles an hour. The Royal George, it is estimated, was running at a speed of at least 18 knots an hour in an effort to get into Quebec before the immigration offices closed.

Black Champion to Jail.

Chicago, Nov. 8.—Jack Johnson, champion heavy weight prize fighter, was arrested by federal officers charged with a violation of the Mann act by the transportation of Belle Schreiber, a white woman, 26 years old, from Pittsburgh to Chicago for an unlawful purpose. Federal officers searched several hours before Johnson was found, hiding in a hotel surrounded by four negro guards. He was released on \$30,000 bond.

House Committee to Panama.

New York, Nov. 8.—Six members of the house committee on appropriations headed by Chairman Fitzgerald, sailed for Panama for their annual trip to the canal zone. Representative Mann, one of the Republicans in the house and five other representatives accompanied them.

NO INDIGESTION, GAS OR A SOUR STOMACH.

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark soft and glossy and in good condition. As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared.

The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition.

If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a treatment will make in the color of your hair.

All druggists sell it, and the money will be refunded if the remedy is not exactly as advertised. Agent Koch Pharmacy, function.

FRIDAY'S SESSIONS OF TEACHERS' MEETINGS ARE GREAT.

A RECEPTION TONIGHT

Closing Sessions Saturday—Dr. Frank McMurray of New York Will Be the Main Speaker.

A large attendance is present at the inter-county teachers' meeting in Maryville this week, and it is estimated that there are 800 teachers here attending the sessions. Friday morning's session was presided over by Mrs. Cora Early, superintendent of schools of Worth county.

Devotional exercises were led by Rev. J. D. Randolph of the M. E. church, South, and this was followed by an address from George Melcher of the state department of schools at Jefferson City. His address was especially for the teachers.

Dr. J. Adams Puffer of Boston, who has appeared on the platform in Maryville several times, gave his lecture "Boys' Leadership" this morning. The lecture was listened to with atten-

At the afternoon session Mrs. Hattie Mitchell of Drake university of Des Moines was the main speaker. Her subject was "Home Economics." The rest of the program was given over to a discussion of the various school problems, and the following were on the program: Prof. W. W. Westbrook of Maryville schools, E. M. Brooks of Oregon schools, W. R. Lowry of Hopkins schools, J. C. Godbey of Tarkio schools, H. H. Hankins of Burlington Junction schools, C. F. Daughy of Albany schools, Mrs. Sallie Grebe of Atchison county, Clyde Busby of Skidmore schools, Miss Inez Florea, President H. K. Taylor of the Normal, E. C. Duncan of the Darlington schools.

Dr. Herman E. Pearce, the eminent Kansas City physician, gave the principal address of Thursday afternoon's session of the association. Dr. Pearce was for seven years an instructor in the public schools of Missouri, and that, together with his wide experience in his present profession, stood him well in hand to give some excellent advice to the teachers along the line of school hygiene.

The speaker made a strong plea to the teachers of the public schools to observe those simple, yet most important, rules governing the daily life of the students which has so much to do with the preservation of their health. The doctor says:

Good Roads Near the Junction.

O. F. Wilson, Alfred Shackelford and William Fox have been doing some good work on their roads the past month and they now have one of the best highways in the country. Mr. Wilson is the pioneer good road builder in this locality and has kept his road in good condition for over seven years. Burlington Junction Post.

WORK IS PROGRESSING NICELY.

Roof Being Put On New Postoffice Building and Windows Will Be Put in Soon.

The work on the new postoffice building is progressing nicely, and by the time winter sets in the roof will be on and the windows will be placed. The roof is being put on now, and it will take about two weeks to finish this work. It is to be a tin roof. The windows will probably be put in their places in the next week or so.

J. R. Edwards, superintendent, is trying to get the building enclosed so the winter will not interfere with the work on the interior of the building. As soon as the exterior work on the building is finished, Mr. Edwards intends to clean up the grounds.

HIGH SCHOOL TEAMS

FROM HOPKINS AND PICKERING PLAY BASKET BALL HERE.

CLOSE GAME AT NORMAL

The Visiting Boys Showed a Plentiful Supply of Ginger, But Disputed No Decisions.

Even if the class of basket ball put up by the Hopkins and Pickering high school teams at the Normal gymnasium Thursday afternoon wasn't quite as good as the students of the Normal are accustomed to witness, the faithful followers of the aforesaid school certainly gave the supporters of the green and white warriors a few pointers in routine. Why, those Pickering and Hopkins high school students who accompanied their teams to Maryville for the game had more pepper during Thursday's contest than the entire Normal student body had all last season.

Of course, somebody just had to lose, and that lot fell to Hopkins, but the score was mighty close, 26 to 25. The Pickering boys started out with a world of vim, and at the close of the initial period were leading by a count of 16 to 10. But in the second half Hopkins came back strong and the result was in doubt until the very last second of play.

For the winners, Birch at forward, scored the most points. That chap shot seven field goals for a total of fourteen points. His teammate, Carmichael, also put up a good article of ball, scoring four goals from the field and two free throws.

Clutter at center played a strong game for Hopkins. He garnered four field goals and was always in the game. Miller, the Hopkins forward, counted 10 points for his team.

An excellent feature of both teams noted by the writer was the fact that not once during the contest did the men of either team question a decision of the officers, Professor Eek and Professor Moore. And that's saying something, too, considering the keen rivalry that exists between the two schools. Below is the line-up:

Hopkins—Miller, right forward; Rickard, left forward; Clutter, center; Wells, right guard; Grotz, left guard. Pickering—Birch, right forward; Carmichael, left forward; Hackett, center; Lee, right guard; Hinton, left guard.

Summary—Goals from field, Birch 7, Carmichael 3, Miller 4, Rickard 2, Clutter 4, Wells, Hackett, Hinton. Free throws, Carmichael 3, Miller 2. One point was awarded each team.

Frank Porter and children of near Orsburg were shopping in the city Thursday.

HELD THEIR OWN

SOCIALIST, PROHIBITION AND SOCIALIST-LABOR PARTIES

IN NODAWAY COUNTY VOTE

Socialists Seem to Have Gained a Few Votes and Chaffin, Prohibitionist Got One More.

The Socialist, Prohibition and Socialist-Labor parties did not make any big gains in Nodaway county at the election Tuesday over the election two years ago. A Nodaway county man, Edward Wilcox of Burlington Junction, was the Socialist candidate for congress from this district, and he ran ahead of his ticket.

The vote cast for president in this county on these three tickets follows: The Socialist candidate, Debs, received 49 votes. Their candidate for governor, W. A. Ward, also received 49 votes. Mr. Wilcox received 55 votes, 17 in Nodaway township, 19 in Maryville and Polk, 6 being in the Fourth ward, or Polk A.

The Prohibition party candidate for president, Chaffin, received 59 votes in this county. The party candidate for governor, Charles E. Stokes, received 59 votes. Ten votes each were cast in Union and Atchison townships, 7 in Polk and Maryville, 1 in Nodaway and 6 each in Jackson and Hopkins.

The Socialist-Labor candidate for president received 7 votes, and their candidate for governor, Charles Rogers, received 8 votes. Three votes for this party were cast in Lincoln, north precinct.

The vote in 1910 on the state ticket of these parties follows: Socialist, 39 votes; Prohibition, 58 votes; Socialist-Labor, 8 votes.

Typewriting Demonstration Was Good.

The demonstration given at the Business college Wednesday by Miss Owen of Kansas City was exceptionally good, as was the work by Miss O'Brien and Miss McCoppin. Miss Owen is a world's champion typist and wrote on the Smith-Premier machine at a rate of 127 words per minute. This record was made without error of any kind, and was from printed copy which Miss Owen had not seen before. Miss O'Brien wrote blindfolded from dictation on new matter at a rate of from 60 to 90 words per minute, and Miss McCoppin copied from a magazine at a rate of 73 words per minute. Miss Owen demonstrated for the Remington Typewriter company of Kansas City, and was accompanied to Maryville by Mr. F. A. Britton, the manager at Kansas City. Both Mr. Britton and Miss Owen gave interesting talks concerning the profession.

The funeral services for Mrs. Smith, wife of Dr. D. G. Smith of Arkoe, were held Friday morning at 10 o'clock, at the Christian church of that place, Rev. J. Arthur Dillinger officiating. The services were largely attended and many beautiful floral offerings were made. The music was given by the quartet from the First Christian church of this city, composed of Mrs. F. P. Robinson, Miss Phyllis Sayler, Mr. W. E. Goforth and Mr. H. J. Becker. Mrs. Robinson sang "Will There Be Any Stars in My Crown," and the numbers given by the quartet were "Jesus, Saviour, Pilot Me" and "It Is Well With My Soul."

Mrs. Bessie New Fisher Died of Appendicitis in Western Home—Brought to Hopkins Friday.

The body of Mrs. John Fisher, who died of appendicitis five days ago at her home in Payette, Idaho, was brought to Hopkins Friday noon for burial, by her husband and three children, who survive her, with several near relatives in the vicinity of Hopkins.

The funeral services will be held at 2 o'clock Saturday afternoon at the Methodist church in Hopkins, and will be conducted by Rev. Taylor. Burial will take place in Hopkins cemetery. Mrs. Fisher was 34 years of age. She was the daughter of William New of near Gaynor, and was married fourteen years ago to Mr. Fisher. They had three children, who are now 19, 4 and 2 years of age. HE HAS 1,000 CATTLE ON FEED.

Russ Bilby Says Weather Is Ideal for Feeding.

Russ Bilby of Quitman is down this week buying cattle. Mr. Bilby buys all months out of the year, also feeds every month. He just keeps putting in and taking out cattle. At present he has on feed 1,000 steers that he bought on the Kansas City market. Besides this large string of cattle on feed, Mr. Bilby has several hundred hogs on feed with them. It is his custom to feed corn in troughs out in the pasture, also cottonseed cake.

"This has been an ideal fall for cattle feeding," Mr. Bilby said. "The weather has been just right, and my cattle and hogs have been doing well. I bought some corn, only fair in quality, for 25 cents, but the standard price will be 40 cents, and the corn is good." Kansas City Drovers Telegram.

SPOKE TO BROTHERHOOD.

Mayor Jost of Kansas City Had a Large Audience of Old Friends in Hopkins Thursday Night.

Mayor Jost of Kansas City passed through Maryville Friday evening on the Burlington train on his way home from his old home in Hopkins, where he addressed a large audience Thursday night at the Presbyterian church under the auspices of the Brotherhood. The special music was given by the new player piano just installed there. After the address a delightful social time and luncheon was enjoyed in the church parlors, where all had opportunity to meet and talk with the young man who has distinguished himself and honored the people of his home town.

Richard Winslow Very Low.

Richard Winslow, the aged father of Fred Winslow, living a short distance west of Quitman, is lying very low at his son's home. Mr. Winslow, Sr., met with a serious accident several weeks ago while cutting wood, nearly severing the front part of one foot. He was brought to St. Francis hospital for treatment and later removed to his home. The reactionary effects of the injury brought about acute kidney trouble, from which he has suffered intensely. He lapsed into unconsciousness Thursday evening, and it is not expected that he can long survive.

Went to Hear Maud Powell.

Mrs. James B. Robinson and Carlton Robinson went to St. Joseph Thursday evening for a short visit with Mrs. Robinson's sister, Mrs. C. M. Chilton, and to hear Maud Powell, the famous violinist, at the auditorium.

FAIRFAX CLOSE SECOND

Judges Did Not Have Easy Time Deciding—Over Time Limit Cut Down Three.

The Winners.

First—Miss Irene Collier, Stanberry. Second—Miss Roka Gilkinson, Fairfax. Third—Mr. Scott Withrow, Tarkio.

The immense Normal auditorium was filled to overflowing Thursday night for the declamatory contest, which was held in connection with the Teachers' association. Student songs and cheers were in order, and with the assistance of Griffin's orchestra the large assemblage was delightfully entertained.

The judges of the contest, Miss Fannie Hope of the Normal, Rev. J. D. Randolph and Prof. W. M. Westbrook of the local high school, awarded first premium to Miss Irene Collier of Stanberry high school. Miss Collier's subject was "The Show at Wilkins' Hall." The first prize was a beautiful gold watch. Miss Roka Gilkinson of the Fairfax high school was a mighty close second. She received a ten-dollar gold piece. Mr. Scott Withrow of Tarkio was third, and his prize was a five-dollar gold piece.

The scores of Miss Loraine Greiner, Miss Gilkinson and Miss Mabel Clayton were cut by the judges for exceeding the time limit.

Following were the contestants and their subjects:

Miss Loraine Greiner, "The Petticoat's First."
Mr. Scott Withrow, Tarkio, "Massillon on Immortality."

NO SERVICES SUNDAY.

Mt. Ayr Church Will Have to Dispense With Services Next Sunday on Account of Repairs.

The congregation at Mt. Ayr church, five miles east of Maryville, will meet in the afternoon for Sunday school and worship at Oak Hill church. Sunday school will convene at 2 o'clock in the afternoon at Oak Hill, which is four miles east of Maryville, and Rev. C. R. Green, pastor of Harmony and Oak Hill churches, will preach at 3 o'clock. The Epworth League will meet at 7 o'clock in the evening.

Mt. Ayr church building is undergoing several nice improvements and will be ready for the regular services next Sunday.

A Runaway.

Sunday night Albert Collins of Arkoe attended church at Mt. Ayr. While he was listening to the sermon his horses broke loose from the hitch rack and run south about a mile and a half, until they fell into a ditch and became so entangled that they were compelled to remain there until Will Furlong came along on the way to church and got them out and tied them to the fence. He then came to church, and after church he told the pastor who speedily made an announcement of the runaway. Mr. Collins was much surprised and was very thankful that no thing was broken to pieces.

An Offer From Blockton.

Rev. J. Arthur Dillinger, pastor of the Christian church at Ravenwood and Barnard, has received a call from the church at Blockton, Ia., at an increased salary, but has decided to stay with his present charge for another year, if wanted. THREE HELD FOR HOTEL MURDER

Traveling Salesman, Brother of Wealthy St. Louis Shoe Manufacturer, Shot in His Room.

Fort Smith, Ark., Nov. 8.—L. S. McCoin, a traveling salesman of Jonesboro, Ark., and brother of Charles McCain, wealthy St. Louis shoe manufacturer, was shot to death in a hotel at Fort Smith, Ark., early in the day. A coroner's jury charged Gordon Coston, James Pollock and Dan Karpis, who were in the room at the time of the shooting, according to the testimony of the coroner. Following the shooting, which was held behind closed doors, the men were held by the grand jury without bond.

Asks for Life Sentence.

Milwaukee, Nov. 8.—A plea to the state of Wisconsin to swap extra miles in return for a life sentence and a promise to commit no more crime, is the odd prospect for the coming session of the legislature, when Jacob Bergin, admitted crook, convict and famous old time burglar with a record in many states, will file a formal request that a law be enacted to send him to the state penitentiary for the rest of his days.

Dispute Cuban Election.

Havana, Nov. 8.—The leading Zayasistas at a conference decided to convene a national liberal assembly November 23, for the purpose of taking steps to dispute the legality of the recent election, in which Gen. Marie Menocal was elected president of the republic. The advisability of the resignation of all liberals now holding elective offices or recently elected will also be considered.

Girl Held by Slavers?

Wichita, Kan., Nov. 8.—The police here are still searching for Ethel Matteson, 16-year-old daughter of Mrs. Ella Matteson, who disappeared from a farm house near Clearwater a week ago. They are working on the theory that she is held here against her will by persons working in the interests of white slavery.

Quite a social event in the Clyde community was the wedding Wednesday morning, November 6, when Miss Dora Miller, daughter of Mr. and Mrs. Ben Miller, and Mr. Frank Wiederholt, Jr., both members of wealthy and highly respected families of the Clyde neighborhood, were united in marriage at New England Abbey church by the Rt. Rev. Fr. Placidus. The bride wore a beautiful gown of white satin, with trimmings of rich lace. She carried bride roses and wore a beautiful bridal veil, fastened with natural white roses, and also wore them in her hair. Her bridesmaid, Miss Mary Wiederholt, a sister of the groom, wore white marquisette over pale blue messaline and carried white carnations. The bridegroom wore the conventional black, and his best man, Mr. Frank Miller, brother of the bride, wore a suit of blue serge. The usual wedding breakfast followed at the home of the bride's parents, and at noon an elaborate dinner was given. The afternoon was spent in general merry making, and the bridal couple was serenaded by a large company of friends early in the evening. This was followed by a magnificent supper. The rooms were then made ready for the social dance, in which the young folks engaged until midnight, when a luncheon was served. WILSON WILL NOT DISCUSS CABINET

Annoyed by Speculation Regarding Make-Up, Issues Statement.

FREEDOM-ELECT WILL LISTEN

Says He Believes It a "Public Duty" to Get Ideas of Others on National Questions During Time Before Inauguration.

Princeton, N. J., Nov. 8.—President-elect Woodrow Wilson has not decided upon the personnel of his future cabinet and he intends to keep his mind open on the subject for a long time before he takes office.

He was manifestly concerned about certain speculations emanating from Princeton with respect to the probable make-up of his cabinet. To put an end, if possible, to all gossip about cabinet appointments, he issued a statement in which he said:

"Each speculation is perfectly unfounded. I mean to keep my mind entirely open with regard to appointments of the first consequence until a final announcement is possible. It will be perfectly useless to resort to me for corroboration of any report, because I shall have absolutely nothing to announce. No announcement will have the least authority that is not made over my own signature. These are matters which must be determined by very deliberate counsel and not by gossip."

"A Public Duty."

There is every reason to believe that Woodrow Wilson both as presidential nominee and president-elect not only has not discussed the framing of a cabinet decision with anybody, but will not make any final decision until after he maps out his own course of action with regard to his administration.

From his announced intention of being "the best listener in the United States" for a few months, it is probable that until he has talked with party leaders and taken counsel with people all over the country he will not let his mind deal specifically with appointments.

The president-elect said he considered the time between his election and his inauguration a period in which he should listen very carefully to the ideas of men enlightened and informed on national questions and that it was "a public duty" for him to do so.

McCombs Statement Later.

New York, Nov. 8.—Chairman William F. McCombs of the Democratic national committee said that he was not prepared to discuss plans which he laid before President-elect Wilson, but intimated that within a few days he would make an announcement concerning the future activity of the national committee and himself.

Bryan Keeps Mum.

Lincoln, Neb., Nov. 8.—William J. Bryan refused to make any comment on the gossip from Chicago connect-

ing his name with the secretary of state portfolio.

"MAY ORGANIZE ANOTHER PARTY"

American Federation of Labor to Consider Formal Entry into Political Field.

Rochester, N. Y., Nov. 8.—One of the questions that will be discussed in each of the five departments of the American Federation of Labor, which opened sessions here, is whether it would be advisable for workers to organize a political party that will embody their desires for legislation.

The American Federation of Labor has never taken part in a political campaign and has a rule forbidding political discussions in its meetings.

The first of the two weeks' sessions of the federation began with meetings of the metal trades and union labor departments. Each of the departmental gatherings is attended by 100 delegates and will pass upon matters to be laid before the convention which it convenes here Monday.

Taft Calls for Thanks.

Washington, Nov. 8.—President Taft issued his Thanksgiving proclamation. He departed from the usual text to write in a little paragraph that might refer to the elections, specifying how strong and steadfast the people were in the "conservation of the heritage of self-government bequeathed to us by the wisdom of our fathers," and "their firm resolve to transmit that heritage unimpaired."

Wilson Got 39 States.

New York, Nov. 8.—On the basis that late gains in Illinois have thrown that state to Wilson, and leaving only Wyoming in the doubtful column, the Democratic nominee has been elected president by 439 electoral votes, according to latest returns received. The same figures show he carried 39 states.

Party "Dead" in One State.

Ashville, N. C., Nov. 8.—Because of its failure to poll 50,000 votes in Tuesday's gubernatorial election, the Republican party in North Carolina is "officially dead," according to statements made by local lawyers. A state law bars from recognition any political party which did not poll 50,000 votes in the previous election.

Big Diamond's Quality Poor.

Johannesburg, South Africa, Nov. 8.—The great diamond, the largest in the world, which has just been discovered in the Premier mine, may not prove to be so valuable as at first thought. It is now officially stated that the diamond, which weighs 1,649 carats, is of inferior quality.

BOTH CANDIDATES CLAIMING KANSAS

Vote on Governor Still in Doubt and Each Man is Confident.

POSTAL VOTE MAY BE DECISIVE

About 3,000 Ballots, Sent by Mail Under New Law Not Yet Counted—Unofficial Figures Favor Hodges.

Topeka, Nov. 8.—Although unofficial returns from all the counties of Kansas have been received, the result of the contest between Arthur Capper Republican, and George H. Hodges Democrat, for governor, still is in doubt. Probably the official count will be required to decide which is elected.

J. N. Dolley, Republican state chairman, said the returns gave Capper a lead of 1,000 votes, while at the Democratic headquarters Hodges was credited with a plurality of 1,500. In dependent compilations place the Democratic candidate ahead by from 500 to 1,000 votes. All of these compilations are unofficial.

New Law a Factor.

The result on the state ticket probably will be determined by the mail vote, which is expected to total 3,000 votes, while the state university and the state agricultural college alone 800 of these votes were cast.

Under a law enacted by the last legislature legal voters who are unable to vote at their home precinct voting place may mail their votes. That law provides that any voter who is away from the county in which he resides, but is still in the state, upon making a satisfactory affidavit that he is a legal voter, may cast a ballot in any precinct in which he happens to be on election day. The mail votes are not counted until three days after election.

To Be Counted Tuesday.

After the official count of these votes in the various counties they will be sent to the state official, who will officially count the total vote next Tuesday.

"I have verified returns from each of the 105 counties received since 4 o'clock," said Arthur Capper. "On these figures I have a plurality of 665, and when the absent vote is counted I am confident I will have more than 1,000 plurality. Early in the afternoon I went to work and got into every single county by wire, and I got the figures from two to three sources. In every case where the figures didn't agree I took the lowest for myself and gave Hodges the highest when the county went to him."

Another Venue in Allen Trial. Wytheville, Va., Nov. 8.—After a jury was secured in the Wythe county circuit court here for the trial of Sidna Allen, the Carroll county clansman, charged with the murder of Judge Thornton T. Massie, the defense moved that the jury be dismissed. The prosecution joined in the request and the court so ordered. Another venire of 50 men will be summoned from Grayson county for examination Monday.

Arizona to Recall Judges.

Phoenix, Ariz., Nov. 8.—The constitutional amendment providing for recall of judges has passed by a comfortable majority. The amendment is couched in exactly the same language carried in the constitution when Taft vetoed the bill admitting Arizona to statehood because the constitution contained such a provision. Incomplete returns place Wilson's plurality at 7,000.

Official Count Necessary.

St. Louis, Nov. 8.—It will take the official count to determine with any degree of certainty the Democratic majorities in Missouri. Few additional returns were received and those that came made no material difference in the proportionate standing of the counties.

CLEAN YOUR LIVER AND 30 FEET OF BOWELS WITH "SYRUP OF FIGS"

MORE EFFECTIVE THAN CALOMEL, CASTOR OIL OR SALTS; GENTLY CLEANSSES THE STOMACH, LIVER AND BOWELS WITHOUT NAUSEA OR GRIPING—CHILDREN DEARLY LOVE IT.

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physic—they think of castor oil, calomel, salts or cathartic pills.

It's different with Syrup of Figs. Its effect is as that of fruit; of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness. Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it cannot cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name—California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.—Advertisement.

TURKISH PUBLIC OPPOSES PEACE

Principal Army Officers, too, Want to Continue Fight to a Finish.

TRYING TO BUY BATTLESHIPS

Chile Refuses Proposition to Sell Destroyers Now Being Built—Heavy Rains Making Transportation Difficult.

Constantinople, Nov. 8.—Public opinion in Constantinople is strongly opposed to the idea of seeking mediation or peace.

Nazim Pasha, the Turkish commander-in-chief, has reported to the government that the army is determined to fight until victorious or absolutely defeated. He regards the reverses sustained as unfortunate, but saves the brave Ottoman army is confident of ultimate success, and that the whole corps of officers is unanimous in favor of continuing the war.

The principal officers in Constantinople have handed the grand vizir, Giamil Pasha, a signed declaration in the same spirit, and the party of Union and Progress promises to support the government in the policy of prosecuting the war with energy. These considerations are having weight with the government.

Little Change at Front. So far as can be learned here there has been very little change in the military situation in the last 24 hours. A sort of self-imposed armistice obtains on the Thracian plains. Both sides appear to require time to rest and reorganize after their recent exhaustive efforts.

Further heavy rains have transformed the plains into a morass. The roads are extremely difficult for transport and it is believed by Turkish officials that probably a week will elapse before hostilities are resumed along the Thracian lines, which battle is expected to decide the campaign unless peace comes to spare the belligerents further carnage.

Refugees Arriving. The rumor that Saloniki has been occupied is not confirmed, but it is known that the town is hard pressed. Mussulman refugees continue to arrive at the outskirts of the capital from practically the whole country south of the Bulgarian advance. The scene outside the city walls, at the Adrianople gate is one of direful distress. Men, women and children, carts and cattle are huddled together. The authorities are trying to supply the immediate wants of the refugees and have decided to send them to Asia Minor.

Will Refuse Warships. Valparaiso, Chile, Nov. 8.—The Turkish government has made a proposal to Chile to purchase the battleship and torpedo boat destroyer now being built in England for this country. The Chilean government, it is reported, will decline to sell the warships.

HIGH SPEED CAUSED DISASTER

Royal George Trying to Reach Quebec Before Immigration Offices Closed, When Wrecked.

Quebec, Nov. 8.—About 400 of the passengers from the Royal George arrived here on board a tender. They were taken later to Montreal on special trains.

The North, an old ferry boat, which brought the load of passengers to this city, returned to the Royal George, but a strong wind prevented it getting near the wrecked liner. The cruiser, a big tug, also failed to reach the Royal George.

At this season the channel becomes narrower and the hydrographic maps indicate that steamers should not run more than four and one-half miles an hour. The Royal George, it is estimated, was running at a speed of at least 18 knots an hour in an effort to get into Quebec before the immigration offices closed.

Black Champion to Jail. Chicago, Nov. 8.—Jack Johnson, champion heavy weight prize fighter, was arrested by federal officers charged with a violation of the Mann act by the transportation of Belle Schreiber, a white woman, 26 years old, from Pittsburgh to Chicago for an unlawful purpose. Federal officers searched several hours before Johnson was found, hiding in a hotel surrounded by four negro guards. He was released on \$20,000 bond.

"Pape's Diapiesin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles.

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition. As a matter of fact, Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared. The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition. If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a treatment will make in the life of your hair. All druggists sell it, under the money will be refunded if the remedy is not exactly what you need. Agent, Koch Pharmacy function.
